Profile

Career changer targeting entry-level software, product and application support. Experience in customer service, banking operations, administration and English tutoring, alongside practical C#, Python and Unity education. Brings clear communication, enquiry investigation, accurate records and procedural discipline, supported by programming projects involving validation, testing and documentation.

Relevant skills

Customer service | Problem solving | Business communication | Salesforce | CRM | Data validation | Microsoft Excel | C# | Python fundamentals | Debugging | Software documentation | Git version control | Software testing

Selected experience

Teaching Assistant - George Brown Polytechnic | 2023-2025

Led weekly English tutorials and individual tutoring. Adapted explanations to students' needs and guided learners through coursework and unfamiliar concepts.

Processing Officer - Scotiabank | 2022-2023

Processed retail-card credit-administration cases, including duplicate-case investigations, credit-limit requests and account updates. Routed correspondence and maintained supporting documentation while following banking and privacy procedures.

General Life and A&S Insurance Agent - American Income Life: AO | 2022

Explained product information and discussed client needs in a regulated sales environment. Maintained accurate client records and compliance documentation.

Exam Invigilator - Monash College | 2021

Monitored online examinations, verified student identities and examination environments, and clearly communicated examination instructions.

Administration Assistant - Ermha Ltd | 2020-2021

Maintained client information in CRM and Procura, prepared service-budget information from approved plans and supported worker scheduling and record keeping.

Customer Care Consultant - Australia Post | 2018-2019

Handled customer enquiries and Salesforce cases for missing items, disputed deliveries and delays. Investigated complaints, reviewed compensation eligibility and coordinated follow-up actions with internal teams and external stakeholders.

Technical projects

Solar System Simulation - Unity/C# Educational Application | 2026

Published an independent educational application with interactive navigation, scientific information panels and a guided tour. Added first-launch guidance, Help, persistent settings and reduced motion. Included automated Edit Mode and Play Mode tests, technical documentation and release records. Used AI assistance during development.

Playable demo and downloads | Source code

Simple Media Library System - C# Console Capstone | 2026

Applied object-oriented design to books, DVDs and music albums. Implemented validation, exception handling, flexible search and reports. Documented manual checks, XML code comments and debugging guidance; used Git and AI-assisted review.

Source code and documentation

Game Bug Tracker - ASP.NET Core Workflow Tool | 2026

Built a Razor Pages application with public bug lists and detail pages, severity and status fields, and owner-only create/edit access. Used EF Core and SQLite for persistence, migrations and seeded demo records; validated required titles and descriptions. Maintained source code and setup documentation.

Source code | Case study

Education

George Brown Polytechnic | 2023-2025

Ontario College Advanced Diploma, Game - Programming. GPA: 3.62. Graduated with Honours; Dean's List recognition in four terms. Coursework included C++, C#, object-oriented programming, data structures and algorithms, debugging and version control.

Monash University: Master of Professional Accounting (Advanced).

North South University: Bachelor of Business Administration, Marketing.

Selected certifications

Python Basics - University of Michigan (2026)
IBM DevOps, Cloud, and Agile Foundations Specialization (2026)
Introduction to Software Engineering - IBM (2026)
Advanced C# Language Features & Object-Oriented Programming - Microsoft (2026)
International Tutor Training Program Certification - Level I Certified, CRLA (2025)

Additional experience

Customer Service Representative, Coles (2017-2021); Admin Support Officer, Plan Partners (2019-2020); Settlements Administrator, Maxxia (2019); Assistant Accountant Trainee, Platinum Accounting Australia (2017-2018); Accountant, Excellent Corporation (2013-2014); Assistant Procurement Manager, British American Tobacco Bangladesh (2012-2013).
